International Prospectus
2018 - 2019

International Student Pocket Guide to:

Chichester college
I am delighted that you are thinking of studying at Chichester College.

Our vision is to change lives through learning, and we do that by putting you at the heart of everything we do and by giving you the opportunity to achieve your dreams.

In 2017, 94% of our students said they were proud to study with us. This sense of community, along with the quality of our teaching, is why I believe Chichester College will be a great choice for you.

We hope that you can find what you need in our pocket guide but if you have any questions please get in touch with our experienced International Admissions team via email studyabroad@chichester.ac.uk or visit our website www.chichester.ac.uk/international

On behalf of the whole college team, we look forward to welcoming you Chichester College in September 2018.

I AM DELIGHTED THAT YOU ARE THINKING OF STUDYING AT CHICHESTER COLLEGE.
Beautiful South Coast Location

THE CITY OF CHICHESTER IS LOCATED ON THE BEAUTIFUL SOUTH COAST OF ENGLAND AND IS FAMOUS FOR ITS NATURAL BEAUTY AND HISTORICAL SIGHTS.

Chichester offers a truly British experience for students to enjoy. With wonderful, medieval architecture and beautiful city streets, Chichester is an ideal place to live, learn and study.

The local train and bus stations are just five minutes’ walk from the campus, providing easy access to London, Brighton, Portsmouth, Bath and other cultural attractions.

LONDON IS JUST 90 MINUTES FROM CHICHESTER BY TRAIN

It’s a pleasure to live here. The Campus is amazing and there is a real community feel

Benjamin Amram (French student)
CHICHESTER IS A SAFE AND FRIENDLY CITY THAT HAS BEEN WELCOMING INTERNATIONAL STUDENTS FOR OVER 25 YEARS. YOU CAN BE SURE OF A SMILE FROM THE LOCALS.

The city centre is only five minutes from the campus and has many things to see and enjoy, such as coffee shops and tearooms, cinemas, theatres, bowling alley and swimming pool, the cathedral gardens, art galleries and much more.

"I had a tour around the College and made friends on my very first day!"

Rafaela Rolim Santana
(Brazilian student)
I really enjoy the activities here. I’ve tried lots of different sports, such as rock climbing, volleyball and badminton.

Cassandre (French student)
Social Events and Leisure Activities

AT CHICHESTER COLLEGE YOU CAN MAKE THE MOST OF YOUR FREE TIME AT WEEKENDS AND IN THE EVENINGS. YOU CAN TAKE PART IN A HUGE RANGE OF ORGANISED ACTIVITIES, EXCURSIONS AND SOCIAL EVENINGS.

These exciting activities are the perfect way to socialise with your new friends and experience the life and culture on the UK.

- Social events & activities
- Trips and excursions
- Regular sports clubs
- Local sightseeing trips
- Arts & crafts clubs
- Trips and excursions
- Regular sports clubs

I really enjoy the student events. The trips are well-organised and lots of fun

Melissa (Italian student)
WE UNDERSTAND THAT LEAVING HOME AND STUDYING ABROAD CAN PRESENT A RANGE OF CHALLENGES. SO, WE PROVIDE A COMPREHENSIVE PACKAGE OF SERVICES TO HELP SUPPORT OUR INTERNATIONAL STUDENTS. WE ASSIST IN EVERY WAY POSSIBLE TO ENSURE THEIR STAY IN THE UK IS A SAFE AND HAPPY EXPERIENCE.

We are aware that many international students will suffer from homesickness at some point when away at College. For most, this passes very quickly when they make new friends and ‘find their feet’ on their course.

Remember the staff in the College are there to listen and support you. Chichester College is very proud of its excellent and award winning student support, which is provided both prior to arrival and during your time at the College.

We provide comprehensive welfare and support for all our students. College nurses are available on-site for all students, plus counsellors, the accommodation team, international teachers and staff.

Well-being support plans are completed by the College nurses, in conjunction with the accommodation staff, to ensure the best possible support is provided. We have a dedicated International Student Support Officer who works with our international students across the College if there are any concerns or questions on their courses.

I was scared about moving to college at first, but straight away I felt welcome and supported

Jelizaveta Timofejeva (Latvian student)
We share halls with people from many different countries. We eat together and everyone is very friendly.

Sammy (Chinese student)
Woodlands Hall of Residence

Woodlands Hall of Residence provides on-campus accommodation for up to 90 residents. It comprises of single and twin-bedded study bedrooms, with en-suite or shared bathroom facilities.

Full board at Woodlands means students have credit on their student card to spend on meals at the College for breakfast and lunch. An evening meal is served in the College cafeteria.

Woodlands students attend one study session per week, to encourage and assist achievement. Students studying for the full academic year will be given priority to stay at Woodlands.

Woodlands
- Age 16-17 at time of admission
- Full board
- Safe and secure with 24 hour supervision
- Central campus location
- Exciting activities included
- Closed at Christmas
- Bedding included
- Gym membership included
- WiFi

Westgate Hall of Residence

Westgate is an on-campus halls of residence offering superb full-board or self-catering accommodation for up to 160 residents.

All rooms are single with en-suite facilities. There are also rooms specifically designed to meet the needs of disabled students.

There are shared kitchens (each serves six students) and residents provide their own crockery and kitchen utensils.

Westgate halls of residence is a secure and safe building with a swipe card entry system for each block, flat and individual room.

Westgate
- Age 18+ at time of admission
- Self-catering or full board
- Modern facilities
- Provides independent living
- Added security of 24 hour personnel
- Open over holiday periods
- Bedding not included
- Gym membership included
- WiFi

Homestay Accommodation

Homestay is ideal for students who want to enjoy the traditional experience of living with a local family. Homestay means that the host treats the student as a full member of the household.

Students in homestay accommodation can specify whether they wish to be in a smoking or non-smoking household and with or without pets or children.

Homestay Accommodation

Self-Catering Homestay
Self-catering homestay means you have the freedom of cooking for yourself. This accommodation is available to all students aged 17 years old and over. Laundry is also the student’s responsibility, although the owner’s facilities are usually available.

Self-Catering Homestay

Half-Board Homestay
Half-board homestay means having your breakfast and evening meal provided during the week and breakfast, lunch and dinner are provided at the weekend. Laundry is included once a week in the price of your accommodation. Any extra laundry should be discussed with your homestay hosts.
A-Levels at Chichester

Cherish your visions and your dreams, as they are the children of your soul, the blueprints of your ultimate achievements.

Napoleon Hill (USA author 1883-1970)

IF YOUR AMBITION IS TO GAIN A DEGREE AT A LEADING UK UNIVERSITY, CHICHESTER COLLEGE IS YOUR SMARTEST CHOICE. WE HAVE LINKS WITH OVER 50 OF THE LEADING UK UNIVERSITIES WHICH MEANS WE CAN GUIDE AND SUPPORT YOU ALONG THE BEST POSSIBLE PATHWAYS AND ENSURE YOUR FUTURE DREAMS COME TRUE.

- Cambridge
- Oxford
- Imperial
- LSE
- St Andrews
- Durham
- Warwick
- Southampton
- Loughborough
- Manchester
- Newcastle
- Liverpool
- Bristol
- Surrey
- Cardiff
- Bath
- Nottingham
- Sussex

Note: We highly advise you to check the entry requirement of your chosen university to ensure progression. All our A-Levels are linear and assessments take place at the end of year two.

www.chichester.ac.uk/international
Choosing the Right

A-Levels

1. Do you know what you want to study?
Check out the entry requirements if you have a university course which you are keen on. Have you checked the relevant university website or UCAS course search to find out whether this course requires certain subjects at A-Level?

2. Not sure yet? ...Keep your options open!
If you are not sure about which course you want to study at university, you should try to choose at least two facilitating subjects.

3. What have you studied and enjoyed?
Build on the subjects that you have studied before and improve your knowledge. Select subjects that you have enjoyed, have a passion for and are good at.

4. Think Balance!
Do you have a balance of subject choices that reflect your abilities, strengths and interests?
Have you considered how certain subject combinations relate to university courses?

5. Make sure you know WHY!
If you want to take a subject that you have not studied before, try talking for a minute on what this subject is about. Try and unpick why you wish to study this subject. It’s not enough to say, “It sounds interesting, I think I’ll like it.”

www.chichester.ac.uk/international

"The mind is not a vessel to be filled, but a fire to be ignited"
Plutarch (Ancient Greek essayist, 46-120AD)
A-Level

Mathematics & Science

Biology

Biology is experiencing a global explosion in job and career opportunities and Chichester College is on board. Biology is the scientific study of life itself and you will learn about a wide range of living things and gain an understanding of the life processes they all share.

Topics include:
- Practical skills in biology
- Foundations in biology
- Exchange and transport
- Biodiversity, evolution and disease

Career Opportunities:
- Doctor
- Pharmacist

Chemistry

Chemistry is an essential qualification for progression into further study in medicine, veterinary science and pharmacy. Chemistry is viewed highly for further study in agriculture, archaeology, engineering, environmental science and geology.

Topics include:
- Physical chemistry
- Atomic structure
- Acids and bases
- Proteins and DNA

Career Opportunities:
- Doctor / Medicine
- Pharmacist

Computer Science

Computer Science at Chichester College is a course designed to be relevant in the ever changing computing world. It is a practical subject where academic knowledge is applied to real world systems.

Topics include:
- Algorithms and problem solving
- Computer systems
- Programming projects

Career Opportunities:
- Software Developer
- Information Data Manager

Mathematics

At its heart, Mathematics is all about problem solving and Chichester College will help you develop your skills. You will model a real-life situation and convert it into a mathematical one. You will have to decide on the essential features of the real situation, discarding those that do not impact on the problem.

Topics include:
- Core mathematics
- Two from statistics, mechanics or decision mathematics

Career Opportunities:
- Accountant
- Researcher
- Maths expert on Countdown (UK TV quiz show)

Further Mathematics

Chichester College offers all students with a passion for, and a good understanding of, Mathematics the chance to take this second A-Level in Mathematics alongside their first A-Level in Mathematics.

Physical Education

This course is both physical and academic, involving theoretical and practical study of three main elements - Physiology, Sports Psychology and Social History of Sport.

Topics include:
- Human body & exercise
- The mind's role in sport
- Social history of sport

Career Opportunities:
- Sports Coach
- Physiotherapist

Physics

Chichester College will help you build on your previous physics knowledge. You will study some familiar areas to a deeper level and new topics are introduced which reflect the important role physics plays in developing the requirements of a modern technological society.

Topics include:
- Particles and radiation
- Mechanics and materials and thermal physics
- Astrophysics, Medical and Engineering physics

Career Opportunities:
- Engineer
- Architect
Accounting

Accounting is a key subject in understanding many areas of business and essential to understanding the financial performance of a company or business. Understanding company accounts is a MUST in the decision-making and management of all businesses.

Topics include:
- Accounting principles
- Accounting applications
- Company accounts
- Interpretation and Management

Career Opportunities:
- Accountant
- Financial Advisor

Business

Studying Business at Chichester College will help you understand the management of business in key areas. It will give you an essential understanding of businesses, their markets and their business environment. You will be taught valuable knowledge in areas of business and will develop a wide range of important management and planning skills.

Topics include:
- Decision making in business
- Business and competition
- Ethical and environmental issues
- Technology
- Quantitative and non-quantitative data analysis
- Forecasting future trends

Career Opportunities:
- Business Manager/Owner
- Human Resources Administrator

Economics

By studying Economics at Chichester College you will learn how the forces of supply and demand determine the way the world's scarce resources are distributed. You will understand how the UK economy works and how the government attempts to control inflation, unemployment and economic growth.

Topics include:
- Economic methodology
- Price determination
- Competitive and concentrated markets
- The national economy in a global context
- Macro and micro economic policy

Career Opportunities:
- Economist
- Financial Analyst

Law

Law is the backbone of society and Chichester College will give you an understanding of the UK legal system and how it impacts on our lives. You will discover the structure and nature of law and the people involved.

Topics include:
- How laws are made
- The court structure and appeal system
- Criminal law
- Civil law

Career Opportunities:
- Lawyer
- Solicitor
**Humanities**

Creative and Performing Arts

Drama & Theatre

Study Drama and Theatre Studies at Chichester College and we will provide you with the stage to grow your performing or directing portfolio. Take part in College productions either on stage or behind the scenes.

Topics include:
- Performance workshop
- Text in performance
- Performance set on a theme
- Text in context

Career Opportunities:
- Actor or Script Writer
- Stage and Theatre Manager

Film Studies

Studying Film Studies at Chichester College will give you a systematic study of cinema and film based upon key conceptual issues which have informed film study and film criticism. You will focus on the way cinema functions as an institution for the production and ways in which film images and sounds generate meaning.

Topics include:
- Exploring film form
- British and American film
- Film research and creative product
- Varieties of film experience

Career Opportunities:
- Online Journalist
- Advertising Executive
- Media Executive

Fine Art

Chichester College will stretch your artistic capabilities and allow you to take experimental risks in 2D and mixed media. Your focus will be on materials, techniques and processes and you will get the opportunity to combine media in inventive and non-traditional ways.

Topics include:
- Drawing and painting
- Mixed media
- Sculpture
- Ceramics
- Moving image and photography

Career Opportunities:
- Artist / Designer
- Interior Designer

Graphic Communication

Graphic Communication at Chichester College will turn you into a graphic designer who could be responsible for some of the design work we see in our daily lives. You will learn the skills to develop logos, magazine layouts and advertising campaigns.

Topics include:
- Interactive media
- Advertising
- Packaging
- Branding
- Design for film and media

Career Opportunities:
- Web Design
- Graphic Design

Media Studies

Studying Media Studies at Chichester College will encourage you to investigate many aspects of the world today. The focus of study incorporates the core areas of television, radio, cinema, newspapers, magazines, advertising and the music industry.

Topics include:
- Media representations
- Media production
- Media investigation
- Media text, industry and audiences

Career Opportunities:
- Television
- Journalism

Photography

Studying Photography at Chichester College will teach you to record, document, and present examples of everyday life, in ordinary and extraordinary circumstances. You will also develop your skills in artistic expression, communicating personal ideas about the world around us.

Topics include:
- Film-based photography
- Digital photography
- Film and video

Career Opportunities:
- Photography
- Graphic Design
- Journalism

Intelligence plus character - that is the goal of true education

Martin Luther King Jr. (USA civil rights leader, 1929-68)

When educating the minds of our youth, we must not forget to educate their hearts

Tenzin Gyatso (14th Dalai Lama, born 1935)

Level 3 Vocational Diplomas

OUR LEVEL 3 COURSES ARE TWO YEAR EXTENDED DIPLOMAS WORTH THE EQUIVALENT OF THREE A-LEVELS. THEY ARE HIGHLY REGARDED AND RECOGNISED BY UK UNIVERSITIES AND EMPLOYERS.

Qualifications are graded at Distinction, Merit and Pass. A Distinction is the same as an A at A-Level in terms of UCAS points and students will receive three grades at the end of the course. Grades are built up over the two years to build an overall profile.

Level 1 & 2 Vocational Diplomas

EU STUDENTS ONLY

CHICHESTER COLLEGE OFFERS A WIDE RANGE OF LEVEL 1 AND LEVEL 2 VOCATIONAL DIPLOMAS WHICH ARE AVAILABLE TO EU STUDENTS ONLY.

LOOK OUT FOR THE ‘L1 & L2’ SYMBOL (SHOWN ABOVE) TO FIND THE COURSES AVAILABLE AT LEVELS 1 & 2.

EU students can take courses in following subjects:

- Accounting & Business
- Agriculture
- Cabin Crew
- Construction
- Creative Arts
- Engineering Manufacturing Technology
- Equine
- Football Coaching Academy
- Furniture Making
- Hair & Beauty
- Health & Fitness
- Horticulture & Landscape
- Gardening
- Motor Vehicle & Motorcycle
- Public & Uniformed Services
Art, Design & Media

Artists, Producers and Designers - Whatever Area of the Creative Industry you Aspire to Be In - We Have a Course for You. Our Dynamic Learning Environments and Fully Equipped Studios Will Inspire You and Help You Gain All the Skills and Knowledge You Need for Your Dream Career.

Vocational Courses

Artists, Producers and Designers - Whatever Area of the Creative Industry you Aspire to Be In - We Have a Course for You. Our Dynamic Learning Environments and Fully Equipped Studios Will Inspire You and Help You Gain All the Skills and Knowledge You Need for Your Dream Career.

**Animation & Computer Illustration**  L3

This is an exciting course developed to introduce a range of animation and computer illustration techniques. Through inventive projects you will develop digital and traditional skills that are highly desirable and recognised in the industry.

**Art & Design**  L3 + U3

Art and Design will develop your artistic skills and techniques, personality and motivations for success in higher education or employment. Art and Design is an exciting and challenging course which encourages you to explore and evaluate a wide range of art and design practices.

**Architecture & Interior**  L3

Architecture and Interior is for students who wish to follow a career or higher education in architecture, interior architecture or interior design. The Architecture and Interior programme is designed for those who want to study spatial design full time. It has been developed specifically to support students who wish to develop the fundamental creative, practical and theoretical skills required to pursue a career in spatial design and is ideal for those wishing to progress to degree level study.

**Creative Media Production & Technology**  L3 + U3

Media focussing on creative production has been developed in response to changes within media industries and university pathways. You will have the opportunity to combine theory and practice in an exciting and stimulating way, developing yourself as an individual media producer as well as gaining a sound understanding of professional practice within modern media. Subject areas within this course include the magazine industry, TV advertising, music videos, radio news broadcasting and industry studies.

**Fashion & Textiles**  L3

Fashion and Textiles is a highly rewarding creative subject to study, designed for students who are interested in a career within the fashion and textile industries. The course introduces the processes, concepts and ideas associated with fashion and textiles. Students will gain skills in a wide range of subjects including design, pattern cutting and making, printed textiles, fabric manipulation and surface pattern design and fashion marketing.

**Graphic Design & Photography**  L3

The course covers a range of graphic design and photography techniques and practices. You will be extensively using Adobe software, as well as working in our fully equipped professional photographic studio. All projects are industry related and cover publishing, media, branding/marketing, web design and graphic illustration.

**Visual Effects & Computer Generated Imagery**  L3

This exhilarating course introduces you to a variety of different visual effects and computer generated imagery (CGI) techniques used in film, television, games art and animation. Through innovative teaching and learning, you will discover a wide range of skills and procedures that will enable you to further your education at university or prepare you for a career in this industry.
**Vocational Courses**

**Business, Administration & Law**

There is a convincing argument that in the future everyone will need to have had a business education. Our business courses develop your understanding of current techniques and practices used in the world of business and provide excellent progression to higher qualifications in business and management.

**Business**  
L3 + L3 +

Business provides the opportunity to study a wide range of business units and achieve a recognised, vocationally relevant qualification. As well as the study of general business units, there will be the option to specialise in administration, finance, human resources, management or marketing.

**Business & Law**  
L3

This course provides an opportunity to study a wide range of business and law topics and achieve a nationally recognised qualification. You will study law making, dispute solving and aspects of legal liability, which will provide you with an underpinning knowledge of the legal system.

**Computing & IT**  
L3 + L3 +

Computing and IT provide a diverse range of courses to suit all abilities and needs, with excellent networking and software engineering facilities situated in a purpose built IT Centre. There is a high demand for competent IT technicians in this ever-changing industry and the rapidly developing range of computer-based sectors.

**Computing & IT**  
L3 + L3 +

This qualification for IT and Computing technicians covers the basics of the computing industry. Six modules are completed over 1 year, 4 mandatory and two optional. Mandatory modules include principles of computer science, fundamentals of computer systems, systems security and business applications of social media. Optional units include programming and website design.

**Information Technology**  
L3 + L3 +

Information Technology covers the basics of the computing industry. This includes, though is not limited to, programming, website design, 3D modelling, networking, computer maintenance and business information systems. Completed over 1 year, there will be an opportunity to extend the qualifications to a full extended diploma, providing a minimum target grade that is set at the beginning of the course is achieved.

To apply, you must have a GCSE or equivalent in a technology-related subject.

---

Leadership and learning are indispensable to each other

*John F. Kennedy (USA President, 1917-63)*
Engineering

Engineering provides students with all the skills and qualifications needed to succeed in the fast-moving technology sector. Delivered across both of our campuses, engineering is taught by highly experienced staff who have a wide variety of professional engineering backgrounds.

Engineering

Engineering is an academic-based course designed to give you the necessary knowledge, understanding and abilities that you need for a career in advanced level engineering. This cutting-edge programme is exciting and rewarding with a strong vocational focus. It offers you a superb alternative to studying traditional A-Levels, with progression to university level study in a wide variety of engineering fields.

Mechanical Engineering

Mechanical Engineering offers an integrated programme involving a Vocational course and a Technical Certificate as the City and Guilds Progression Award. The course offers all the practical skills, supported by the City and Guilds for the underpinning knowledge. This course can lead to further training, an apprenticeship or straight into employment.

Learning how to learn is life’s most important skill

Tony Buzan (English Author, born 1942)

Health, Care & Childhood Studies

Our courses will help you take the first steps on the ladder towards a career in the health and care industry. Whether your passion is working with children or in the care sector or you have ambitions to train in nursing or social work, our courses will help you gain the knowledge and skills you need.

Childcare & Education

Early Years Educator

Early Years Education and Care will give you experience of a career in the field of childcare and education in both the statutory and private sectors. It will extend both your knowledge and practical skills. It will also build your communication, teamwork and study skills within the vocational framework. It provides you with all the essential knowledge for a childcare career working with children aged from birth to 7 years and practical experience from birth to 5 years.

Health & Social Care

Health and Social Care offers an engaging programme for those who want a career in the health or social care sector.
Music

Our music courses are very lively and exciting, providing opportunities to work with professional musicians in well-equipped rehearsal rooms and music studios. We also have a ‘Roland’ Music Academy with modern music technology facilities.

Popular Music

Popular Music covers instrumental technique, performance and rehearsal skills, the music business, studio recording, music technology, aural skills, composition and music theory. Students work in bands towards regular performances and in Year 2, record and produce their own personal CD. Weekly lunchtime gigs give students regular performance opportunities and the chance to hear visiting professional bands and artists. All students perform at Chi-Fest, the College’s very own Music Festival.

Music Production & Creative Sound Design

Music Production is a practical hands-on course aimed at introducing students to the world of music production. Music Production covers a wide range of activities and skills from recording and mixing bands, creating original music using sequencing and sampling, to learning about synthesizers using some of the best hardware synthesizers on the market. We also cover the music business, composing and music theory to equip students with the necessary skills for an ever-changing industry.

Hospitality & Catering

Well-trained food service staff, hotel managers and chefs are highly sought after. Our courses provide all the skills and qualifications needed to work in top hotels, restaurants, cruise lines, tourist attractions and events around the world.

Vocational Courses

This course prepares you for employment nationally and internationally in a vast range of hospitality careers. You will have the opportunity to participate in visits and residential trips. We adhere to occupational standards within our realistic working environment.

Professional Cookery, Patisserie & Confectionary

This is a course designed for those who are looking to further improve their skills within the patisserie industry and get a nationally recognised qualification. On completion of your course you will be able to maintain a good level of competency while maintaining a safe working environment. Applicants should have hospitality experience of relevant work in the catering trade.

The best teachers show you where to look, but not what to see. Anon
Performing Arts

PERFORMING ARTS AT CHICHESTER HAS A STRONG REPUTATION FOR EXCELLENCE. FORMER STUDENTS IN ACTING, DANCE AND STAGE MANAGEMENT, HAVE SUCCESSFUL CAREERS WITH ROLES IN PRODUCTIONS SUCH AS EVITA, HOLLYOAKS, WARHORSE AND MORE.

Acting L3 + L2

The Acting course will develop your current skills and introduce you to new areas of drama. The overall emphasis is on learning by doing, developing a broad and practical understanding of the performing arts. The course follows a workshop and production based approach, aimed to give you a perfect grounding in the whole process of performance and production.

Dance L3 + L2

This course develops the artistic, creative, technical and professional skills that a dancer needs to fully prepare for a varied and high-level career in the dance industry. The course includes a range of dance disciplines including contemporary, ballet and jazz as well as choreographic, creative, professional and historical studies.

Musical Theatre L3

Musical Theatre is a course designed to give you an insight into the world of musical theatre training and performance. This is a challenging course for students wishing to follow a career path in theatre or entertainment.

Production Arts, Stage Management L3

At the heart of our thriving Performing Arts department is the busy and efficient stage management team. Throughout the year they produce a number of shows and assist in the running and technical management. The College has its own “Riverside Theatre” but also put on productions at local theatre venues such as “The King’s Theatre” in Portsmouth, “The Showroom” at Chichester University and “The Alexandra Theatre” in Bognor Regis.

Science

THESE COURSES ARE DESIGNED TO GIVE STUDENTS A GOOD GROUNDING IN SCIENCE AND ENABLE PROGRESSION TO UNIVERSITY OR EMPLOYMENT. OUR EXCELLENT FACILITIES INCLUDE MODERN SCIENCE LABORATORIES WITH FACILITIES THAT HELP DEVELOP PRACTICAL SKILLS AS WELL AS THEORETICAL KNOWLEDGE.

Applied Science (Biomedical) L3

This course consists of an eclectic mix of science, biology and physiology disciplines. Within the science department you will develop your scientific skills and understanding and apply them in a variety of different settings. You will be taught by a small and dedicated course team who have a range of specialisms and will work to guide and support you through the many exciting units covered. In addition to scientific skills, English and maths skills will be embedded throughout the course.

Forensic & Criminal Investigation L3

This course consists of an eclectic mix of science and forensic disciplines, including Crime Scene Management and Forensic Anthropology. Within the science department you will develop your scientific skills and understanding and apply them in a variety of different settings. You will be taught by a small and dedicated course team who have a range of specialisms and will work to guide and support you through the many exciting units covered. In addition to scientific skills, English and maths skills will be embedded throughout the course.
Whether you think you can, or think you can’t - you’re right!

Henry Ford (USA Founder of Ford Motor Co. 1863-1947)

Travel & Tourism

CHICHESTER COLLEGE OFFERS A RANGE OF TRAVEL AND TOURISM COURSES DELIVERED BY HIGHLY EXPERIENCED AND QUALIFIED STAFF. YOU WILL LEARN ALL THE SKILLS AND KNOWLEDGE NEEDED TO PROGRESS TO FURTHER TRAINING OR TO START A SUCCESSFUL CAREER IN THIS EXCITING INDUSTRY.

Vocational Courses

Sport & Physical Education

OUR SPORTS DEPARTMENT WORKS WITH ‘BRITISH COLLEGES FOR SPORT’ AND THE FOOTBALL ASSOCIATION AS A ‘FOOTBALL FOCUS’ COLLEGE - SPECIALISING IN COACHING. ALL OUR SPORTS STAFF HAVE EXCELLENT EXPERIENCE AND EXPERTISE.

Sport

L3 + L5

Have you ever wondered what it takes to become an elite athlete? Have you ever questioned how athletes mentally and physically prepare for competition? This course of study will enable you to learn about and apply theoretical and practical techniques to a range of sporting performers. The assessments include completing projects and assignments that are based on realistic workplace situations, activities and demands.

Sport & Exercise Science

L3 + L5

Sport and Exercise Science aims to provide studies in sport that are directly related to the changing needs of employers in the sport and sport science industries. As well as learning about the employment area you have chosen, you will develop the skills you need to start or progress in a career in a sport-related area.

Travel & Tourism

L3 + L5

Alongside studies of worldwide travel and tourism topics, students also participate in visits, residential trips and a wide range of vocational projects. Due to our many fantastic business links, including British Airways, Virgin, other airlines, cruise ships, hotels and tour operators, students visit many organisations. This provides our students with unique experiences and valuable practical knowledge for careers in this exciting industry. The excellent facilities include our very own Boeing 737 passenger jet section, which is perfect for cabin crew and customer service training.

A man’s mind, stretched by new ideas, may never return to its original dimensions

Oliver Wendell Holmes Jr. (USA Supreme Court justice, 1841-1935)
Our Brinsbury Campus

BRINSBURY IS OUR COUNTRYSIDE CAMPUS AND IS SET IN 570 ACRES OF STUNNING AGRICULTURAL LAND ON THE EDGE OF THE SOUTH DOWNS NATIONAL PARK. BRINSBURY IS THE BASE FOR ALL OUR LAND-BASED COURSES AND IS HOME TO A WORKING FARM, ANIMAL CARE CENTRE, BLACKSMITHING FORGE AND STABLES, IN ADDITION TO WIDE AREAS OF BEAUTIFUL WOODLAND.

Vocational Courses

Agriculture L3 + L2

Brinsbury campus has its own commercial farm with dairy and beef cattle, sheep and pigs, all of which are used as the basis for practical teaching. Studying Agriculture will give you the opportunity to be part of an industry worth £17 billion each year in the UK and will teach you all aspects of farming in the modern world.

Animal Management L3 + L2

Studying on this exciting course you will learn about different species and their care and welfare. It is a practical course and is based in our Animal Care Centre at our Brinsbury campus, which houses a variety of animals such as tropical and arid reptiles, invertebrates, amphibians and exotic mammals as well as outdoor animals including llamas, alpacas and goats.

Equine Management L3 + L2

Based at our Equine centre at the Brinsbury campus, the Equine courses are run by highly experienced and qualified professionals with excellent industrial and academic backgrounds. Our Equine Team regularly participate in competitions and help organise and run events such as the competition arena at the South of England show each summer.

Horticulture L3 + L2

West Sussex is the leading county in Production Horticulture in the UK - a sector worth £300 million a year. Our Horticulture courses provide all the essential skills and knowledge for a successful career in this exciting industry and are taught by experienced and highly skilled staff from the Horticulture and Arboriculture sectors.

"A well-educated mind will always have more questions than answers"  
Helen Keller (USA author, 1880-1968)
Access to Higher Education

Access to Criminology & Forensic Science
This is an intensive course which provides a qualification that is equivalent to A-Level (Level 3), recognised by universities as sufficient entry to related degree courses, such as criminology, psychology, sociology and forensic science courses.

Access to Health Care Professions
Access to HE Health Studies and Social Care is an intensive course which is intended to provide a qualification recognised by universities sufficient for entry to related degree courses such as social work, nursing, midwifery, occupational therapy and paramedic science.

Access to Humanities
Access to HE Humanities is an intensive course which allows you to study whilst still working or meeting other commitments. It is fully recognised by universities and other higher education providers as sufficient for entry to related degree courses such as psychology, sociology, English literature, social work, teaching and many more.

Access to Science
This intensive 1 year course designed to get you into university to pursue a course in science, or any affiliated subject. This course will seek to develop you as an independent, confident individual and will look to give you skills that cover all of academic university life, including: conference presentation, group and individual presentations, scientific essay writing, UCAS application, personal statement, CV skills and exam/revision techniques.

Access to Sports Science
Access to HE Sports Science is an intensive course designed to prepare you for academic study at university level and enable you to apply for a wide range of degree courses. It is an applied academic course with core elements underpinning social-cultural, physiological, psychological and sports injury aspects.
Higher
Education

HIGHER NATIONAL CERTIFICATES DIPLOMAS AND TOP-UP DEGREES

HIGHER NATIONAL CERTIFICATES (HNCs) AND HIGHER NATIONAL DIPLOMAS (HNDs) ARE VERY WELL ESTABLISHED AND HIGHLY REGARDED BY UK UNIVERSITIES AND EMPLOYERS. AN HNC IS EQUIVALENT TO THE FIRST YEAR OF AN UNDERGRADUATE DEGREE. THE HND IS EQUIVALENT TO THE SECOND YEAR.

Higher National Diplomas and Certificates

HNDs and HNCs are vocationally focussed courses that provide a similar level of education to the first and second years of an honours degree. They are highly regarded by universities and employers and provide you with the education, training and confidence needed for a professional qualification.

Entry Requirements

Entry requirements for Higher Education courses are unique for each course and are subject to change. Please check the individual course details on the UCAS website for the very latest information. For more information please visit: www.ucas.com

Note: We also highly advise you to check the entry requirements of your chosen university to ensure successful progression.

Wisdom is not a product of schooling, but of the lifelong attempt to acquire it

Albert Einstein (German theoretical physicist, 1879-1955)
Animal Management  HNC  HND
This is a higher education course that will extend your knowledge and opportunities. It takes advantage of small class sizes to offer excellent practical opportunities with a variety of species in our new animal centre.

Applied Biosciences  HNC  HND
This high level course develops a wide range of skills, knowledge and understanding needed to succeed in employment in biologically based industries. Students benefit from a large amount of tutor led class time, and practical based workshops, from our friendly and professional staff.

Business  HNC  HND
This higher education course covers the concepts and principles of business and management as well as research, problem solving and presentation skills. The qualification prepares you for employment in the business sector and will be suitable for learners who have already decided that they wish to enter this area of work.

Computing & Systems Development  HNC  HND  TOPUP
Computing and Systems Development develops a wide range of skills related to modern computing and technology. The emphasis is on implementing computing solutions for the modern computing environment. This means focusing on the internet and intranet applications, mobile app development, website design and database management techniques and technologies which include e-commerce and cloud computing.

Creative Media & Journalism  HNC  HND
This course is for students aged 18 and over who wish to develop their professional level skills in media production leading to employment in the media sector or progression onto the final year of a BA (Hons) degree at university. The course has a broad media base that reflects a professional working environment, standards and experience. The HND in Creative Media Production offers you a vocational progression route in to a higher level study offering an exciting variety of units including: moving image, journalism and television.

Creative Sound Design, Film & Gaming  HNC  HND
This course develops a number of the important skills, knowledge and understanding required to succeed in careers in the creative industries. The course gives you the opportunity to take advantage of specialist audio software to design and create sounds, as well as compose music for a variety of different situations.

Engineering Systems  HNC  HND
This course is made up of 16 modules. The course includes a full range of engineering skills and technologies including solid modelling, design, CAD, project management, electronics and manufacturing.

Equine Management  HNC  HND
This course includes a unique range of modules chosen to give learners an unrivalled understanding of the equine sports and coaching industry together with the managerial skills necessary to succeed in business. Learners benefit from our high quality equine facilities, which include a fantastic range of horses, indoor stabling and equine arena (with training mirrors and cameras) and outdoor all-weather arenas.

Hair & Beauty Make-Up Management  HNC  HND
This course is aimed at dedicated learners who want to move into the creative industries or further training within the beauty industry and are looking for practical training and a nationally recognised qualification. Students will gain advanced technical, management knowledge and skills relating to the hairdressing, beauty and make-up based industries.

Horticulture and Management  HNC
This challenging course has been designed to provide students with both the knowledge and technical skills to enter the industry at managerial level. The fantastic horticulture facilities are based at our Brinsbury campus in the heart of West Sussex, which is the country’s leading area for glasshouse and production horticulture.

KEY
HNC = HNC  |  HND = HND  |  TOPUP = TOP-UP DEGREE

www.chichester.ac.uk/international
The purpose of education is to replace an empty mind with an open one.

Malcolm Forbes (USA entrepreneur, 1919-90)

**Hospitality Management**

This is a great opportunity to study and develop your knowledge, understanding and skills in this exciting industry. Learners gain a recognised qualification and valuable employability skills to prepare for their chosen career. The course uses a variety of learning techniques, such as lectures, talks from guest speakers and industry professionals, practical training, group work and experiential learning.

**Musical Theatre**

This challenging course is perfect for you, if your ambition is to follow a career in Musical Theatre. Emphasis will be given in the first term to preparation for entry to conservatoire/drama schools. Development of triple threat performance skills.

**Music Contemporary Jazz**

Jazz studies provides a theory and skills platform for students broadening their musical horizons and who are aiming to achieve further music study and pursue an ambition to become a professional jazz and session musician. You will study aural perception, harmony and composition, improvisation in music, keyboard skills, music in context, music notation and music performance studies.

**Performing Arts (Acting)**

This challenging course is ideal if you wish to follow a career in acting. Emphasis will be given in the first term to prepare for entry to drama schools. Performance projects are the underlying foundation of the course. As members of our ‘IntAct’ Theatre Company, you will work within a schedule that emulates that of a professional company, taking daily technique classes and rehearsals.

**Performing Arts (Dance)**

Etch Dance Company forms part of the HNC in Performing Arts (Dance). As a one-year intensive course it allows you to extend your dance training further whilst working within the structure and ethos of a professional dance company.

**Travel & Tourism Management**

This is an excellent opportunity to both study and develop your employability skills in this exciting and diverse industry. Students gain a nationally recognised and highly regarded qualification through a mix of studies, including lectures, guest speakers, seminars, individual study, group work, role play and experiential learning activities. In addition to eight core units, there are eight optional units which allow students to tailor their study pathways towards particular career aspirations.

**To Apply for**

**HNC / HND Courses and Top-Up Degrees**

Please contact our International Admissions team at studyabroad@chichester.ac.uk for advice and guidance on detailed entry requirements for your chosen course.

How to Apply

1. Enquiry
   Contact us via phone or email or visit our website

2. Application
   Complete an application (available from our website) and email it back to us with the following: A copy of your passport, evidence of your level of English (e.g. IELTS certificate), your deposit and a copy of your academic transcripts and/or certificates.

3. College Offer
   On acceptance from the academic teams, you will receive a conditional offer. On receipt of your acceptance and deposit you will receive an unconditional offer or Confirmation of Acceptance to Study (CAS), if applicable.

4. Visa
   Should you need a visa, when you have been accepted at Chichester College, we will provide you with the relevant documents you need for a visa application. Our College complies fully with the UK Visa & Immigration (UKVI) guidelines for UK student visas.

5. Payment
   You can pay your fees via our online PayToStudy website or directly to Chichester College via a bank transfer or by telephone from Monday to Friday on +44 (0)1243 786321 ext 2535.

6. Pre-Arrival
   Inform the College when your visa is issued and confirm your arrival date. If you require a taxi transfer from the airport, this can be arranged at an additional cost.

7. Arrival
   You will have a full induction on your first day at College.
