

Private Accommodation:

All Accommodation offered through Chichester College is managed by the College Accommodation Team. We would recommend you use the College Accommodation as this follows strict guidelines to ensure your comfort and safety. This will help you to get the most out of the college experience.

However if you prefer to find accommodation privately, here are a few tips and contact details you may find useful:

Before you sign:

Be safe. Do not go on your own to view a property, take a friend. It is also useful to get a second opinion.

Be sure. Make sure you are happy with the accommodation, the contract and price before you sign the contract. Once you have signed it is very difficult to get out of the contract.

Make sure you know what you are signing up to - know your rights as a tenant.
